**25.0 Market Drivers and Challenges**

India is the world's ninth-largest consumer of all alcohol and remains one of the fastest growing markets in the world. India consumes more than 663 million litres of alcohol, up 11 percent from 2017. The growth in consumption of beer is driven by youth population and the consumers who consider beer a trendy drink, as compared to other traditional spirits. There is also a significant demand for premium-imported beer in the urban markets. Companies in this industry compete on the basis of product taste, product availability and their quality. Growth in the sector has also been fuelled by the increasing social acceptability of mild alcohol consumption among youth in the country. The market was expected to register positive CAGR of 6.8% in terms of revenue during between 2020 and 2023, according to the Indian Council for Research on International Economic Relations (ICRIER).

However, the alcohol industry is a challenging business. Whether you're in the beer, wine, or spirits business, many current trends pose huge challenges. As Digital transformation is entering every industry, creating a network of new connections and increasing market segment awareness, it has definitely been difficult for the alcoholic beverage industry to engage in a social media conversation, which has become a crucial component of today's marketing. Fortunately, the introduction of new digital capabilities has given us ways to adhere to all applicable age regulations while still engaging in the full range of social media. Now that the doors to social media have been opened wide for alcohol manufacturers, brands can share their identities in a variety of new and effective ways.

The Company is manufacturing beer of various brands under the license agreement with United Breweries Limited who is the top most market player. The Company has also introduced its own brand "TAG" and the Company has currently started selling beer under brand name "TAG", first time in the State of Tripura, Pondicherry, Gujarat and Tamil Nadu. The Company has achieved 6.92% volume growth

in the current financial year 2021-22. Your Directors are hopeful of continuing this momentum and achieving even better performance in future.

## 26.0 Cost Auditors

In pursuance of provisions of Section 148 of the Companies Act, 2013 and Rules made thereunder, the Company is not required to appoint Cost Auditor for the financial year 2022-23. Maniar as the Cost Auditor of the Company for the financial year 2022-23 to audit the cost records of the Company. The Board has delegated the power to approve the remuneration of Cost Auditor to the Managing Director in consultation with the Audit Committee.

As the provisions of Section 148 of the Companies Act, 2013 were not applicable to the Company and thus, the Cost Audit Report for the F.Y. 2021-22 was not required to be filed with the Registrar of Companies.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF

### BLOSSOM INDUSTRIES LIMITED

#### Report on the audit of the Financial Statements

#### Opinion

1. We have audited the accompanying Financial Statements of Blossom Industries Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information ('the Financial Statements').
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements, give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2022, its profit and its cash inflows for the year ended on that date.

#### Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### 4. Emphasis of Matter

- (a) We draw attention to Note 28 (i) regarding disclosure of contingent liability with reference to statutory payments and other claims. As disclosed in the said Note the Company is confident of favourable outcome and do not expect any additional liabilities to arise. In case of adverse outcome in respect of transactions carried out on behalf of its principals, the Company claims, the same would be reimbursed by them.
- (b) We draw attention to Note 32 regarding inter-corporate loan of Rs. 11,290 lakhs given to a company and interest of Rs. 3,137.45 lakhs accrued thereon. We have relied on the management's judgement about the recoverability of the loan along with interest accrued.

Our opinion is not modified in respect of these matters.

#### Other information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
6. In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Management's Responsibility for the Financial Statements

7. The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.
8. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### **Auditors' Responsibility for the Audit of the Financial Statements**

11. Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
  - Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation;
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

15. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in '**Annexure A**' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure B**;

In our opinion and to the best of the information and explanation given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

## ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

[Referred to in paragraph 16(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the members of Blossom Industries Limited on the Financial Statements as of and for the year ended March 31, 2022]

We have audited the internal financial controls with reference to Financial Statements of Blossom Industries Limited ('the Company') as of March 31, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Financial Statements.

### Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

### Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2022, based on the internal financial controls with reference to Financial Statements over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

**1) Company information: -**

Blossom Industries Limited (“the Company”) was incorporated on 10 August, 1989 under the Companies Act, 1956. The registered office of the Company is located at Village Jani Vankad, Nani Daman – 396 210 (U.T.). The Company is into the business of manufacture and sale of Beer made from Malt. The manufacturing plant is located at Daman.

**2) Significant Accounting Policies**

**2.1 Basis of Preparation of Financial Statements:**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 (“the Act”), and other relevant provisions of the Act, as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

**2.2 Use of Estimates and Judgments:**

The preparation of the financial statements requires the Management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the judgments, estimates and assumptions used in preparation of the financial statements are prudent and reasonable. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Future results could differ on account of the same and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

**2.3 Property, Plant and Equipment:**

Property, Plant and Equipments are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of Property, Plant and Equipments comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying Property, Plant and Equipments up to the date the asset is ready for its intended use. They are stated at historical cost or amounts substituted on revaluation. Individual items of Property, Plant and Equipments costing Rs.0.25 Lakhs or less are expensed out in the year of acquisition.

Property, Plant and Equipments retired from active use and held for disposal are stated at lower of their book value and realizable value and are shown separately under ‘Other current assets’.

The Company had revalued freehold land that existed on 1<sup>st</sup> April, 2000. Increase in the net book value on such revaluation was credited to Revaluation reserve. The revaluation was based on a valuation made by an independent valuer in the year 1999-2000. During the year the Company has reversed revaluation reserve and has adopted cost model.

Capital work-in-progress:

Property, Plant and Equipments which are not yet ready for their intended use are classified as Capital work-in-progress (CWIP) and carried at cost, comprising direct cost, related incidental expenses and attributable interest.

**2.4 Intangible Assets:**

Intangible assets are recognized only if it is probable that future economic benefits that are attributable to the assets will flow to the enterprise and the cost of asset can be measured reliably. Intangible Assets are stated at cost of acquisition less accumulated amortisation.

**2.5 Depreciation and Amortisation:**

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its residual value. Depreciation on Plant and Machinery and Office Equipment is provided on written down value basis and on all other items of Property, Plant and Equipments, on straight line method basis, as per the useful life prescribed in Schedule II to the Act except in the case of:

Vehicles (two wheelers) where the useful life is considered as equal to five years;

Depreciation on assets retired from active use is provided up to the date of such retirement;

Land acquired on lease and classified as finance lease is amortised over the lease period;

Intangible assets consisting of Computer software is amortised over a period of 5 years.

**2.6 Impairment of Assets:**

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment, if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss.

**2.7 Borrowing Cost:**

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing cost are charged to revenue.

**2.8 Inventories:**

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Costs of inventories comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. Cost of stores and spares, raw materials, packing material, work-in-progress and finished goods is determined on first in first out basis.

**2.9 Revenue Recognition:**

- a. Sale of goods: Revenue on sale of products is recognized when the products are dispatched to the customers, all significant contractual obligations (including risk and rewards) have been satisfied and the collection of the resulting receivables is reasonably expected. Sales include excise duty but exclude value added tax and Goods and Service tax, as applicable.
- b. Export incentives: Export Incentive is accounted for when the right to receive the same is established and when there is no significant uncertainty regarding the ultimate collection of export proceeds.
- c. Other Income: Investment income i.e. gain or loss on investment is recognized as and when investment is sold or redeemed. Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive is established. Insurance claim are recognized on the basis of claims admitted / expected to be admitted, to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Interest income is recognized when it is probable that economic benefit flow to the Company and the amount of income can be measured reliably.
- d. Revenue from sale of scrap is recognized as and when scrap is sold.
- e. Share of profit /Loss from a partnership firm in which the Company is a partner is accounted for when the same is determined by the firm and apportioned amongst the partners.

**2.10 Employee Benefits:**

- a) Defined Contribution Plan:

The Company's contribution paid/payable for the year to define contribution plans are charged as an expense to the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

- b) Defined Benefit Plan:

The Company's liabilities towards defined benefit schemes are determined using the Projected Unit Credit Method. Actuarial valuations under the Projected Unit Credit Method are carried out at the Balance Sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period of occurrence of such gains and losses. Past service cost is recognised immediately to the extent of benefits are vested, otherwise it is amortised on straight-line basis over the remaining average period until the benefits become vested.

c) Short-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive, ex-gratia and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

d) Long-term employee benefits:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the define benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

## **2.11 Foreign Currency Transactions:**

Initial recognition:

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date:

Foreign currency monetary items (other than derivative contracts) of the Company outstanding at the Balance Sheet date are restated at the year-end rates.

Treatment of exchange differences:

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

## **2.12 Investments:**

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as Non-current investments.

Non-current investments are carried at cost less any other-than-temporary diminution in value, determined separately for each individual investment. The reduction in the carrying amount is reversed when there is a rise in the value of the investment or if the reason for the reduction no longer exists.

Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investment.

## **2.13 Provisions, Contingent Liabilities and Contingent Assets:**

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the Financial Statements. Contingent Assets are neither recognized in the financial statements nor disclosed in the financial statements.

## **2.14 Lease Rentals:**

The Lease arrangement is classified as either a finance lease or an operating lease, at the inception of the lease, based on the substance of the lease agreement.

Finance leases:-

A finance lease is recognized as an asset and a liability at the commencement of the lease, at the lower of the fair value of the asset and the present value of the minimum lease payments. Initial direct costs, if any, are also capitalized and subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Minimum lease payment made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

In case of land acquired on long term lease (i.e. beyond a period of 15 years), the same is considered as finance lease.

Operating leases:-

Other leases are operating leases, and the leased assets are not recognized on the Company's Balance Sheet. Payments made under operating leases are recognized in statement of profit and loss on a straight-line basis as per the terms of the lease agreement.

**2.15 Income Taxes:**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates under the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax, which is computed on the basis of enacted/substantively enacted rates, is recognized, on timing differences, being the difference between taxable incomes and accounting income that originates in one period and is capable of reversal in one or more subsequent periods. Where there is unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence of realization of such assets. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future.

**2.16 Earnings per share:**

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

**2.17 Cash and cash equivalents:**

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

**2.18 Cash Flow Statement:**

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

- III. Following an amendment to the definition of 'business auxiliary services' by the Finance Act, 2009, the Company became liable to pay service tax on production of goods, not covered under Central Excise Act, 1944, for or on behalf of others. The Company, along with others in the industry, has filed a petition challenging the validity of this levy in the Hon'ble High Court of Bombay, for which hearing is pending. In the meanwhile, the Company received show cause-cum-demand notices demanding payment of service tax for the period from 23 September, 2009 to 30 June, 2012 aggregating Rs. 2,860.31 Lakhs (excluding interest and penalty) in the earlier years, against which the Company deposited Rs.2,094.02 Lakhs (including interest Rs.327.51 Lakhs) under protest. Against the same, the Company filed appeals before the Customs, Excise and Service Tax Appellate Tribunal (CESTAT).

On 1 September, 2015, the CESTAT held that the Company is liable to pay service tax under Business Auxiliary Services on charges received for production or processing of goods for or on behalf of client on which central excise is not applicable. Based on the Order of the CESTAT, the Company determined the liability of Rs. 1,600.57 Lakhs (including interest Rs.308.22 Lakhs). During the financial year 2016-17, the Central Excise authorities filed an appeal against the Order of the CESTAT before the Hon'ble Supreme Court in respect of which the hearing proceedings are yet to be initiated. Based on the advice from its service tax consultant and those of the brand owners, the Company is hopeful of a favourable Order from the Hon'ble Supreme Court and accordingly, no adjustment in the financial statements is considered necessary at this stage.

As per the SCN, Service tax of Rs.453.37 Lakhs is sought to be levied on amounts received by the Company as reimbursements of expenses towards water charges, electricity charges, fuel charges, administrative charges, selling and distribution expenses, etc. during the period from 01 June 2015 to 30 June 2017. The Company has denied any liability on account of the same before the Office of the Commissioner Central G.S.T., Daman Commissionerate, during the personal hearing as well as by written submission. The Company is informed by the Department that on an identical issue the Department has filed an appeal before the Supreme Court. Therefore, the matter will not be adjudicated immediately by the Revenue authority. As per the contract with its principal, the Company is entitled to reimbursement if eventually the liability crystalizes. Accordingly, the Company does not deem it necessary to provide for the liability in its books of accounts.
